PROJECTS

Senior Care Online ↗ | Angular   **07 2021**

- Our basic premise is to provide a subscription-based app where a senior citizen first creates a profile that includes their needs and wishes. Next, the matches the skills and passion of a certified caregiver that has been vetted through a thorough background check which includes driving records, criminal records and state agencies. The senior can then contact the caregiver and negotiate pricing between the two parties.
- Senior Care Online

Global 7 Diagnostics ↗ | Core PHP   **04 2021**

- Our Mission is to provide prompt, high-quality, and comprehensive personalized health care services that are in compliance with government regulations. Global Diagnostics Labs provides innovative laboratory solutions through collaborative partnerships with colleges and universities, private healthcare institutions, and public health organizations. Currently, all of our SARS-Cov-2 (COVID-19) tests have received an Emergency Use Authorization from the United States Food and Drug Administration (FDA).
- Global 7 Diagnostics

Cetas AI ↗ | Next Js   **09 2022**

- Cloud native solutions for managing AI models and CyberSecurity incident response in on-premise, cloud and immutable infrastructure environments.
